ADVANCED TRAINING OPPORTUNITIES
MAY - AUGUST 2006**

The TMN-COT Advanced Training Committee has reviewed AT opportunities listed on nearby TMN Chapter websites and has approved the advanced training opportunities listed below. If you find other opportunities not listed that you would like to attend, please submit an *Approval Form for Advanced Training*. This form can be downloaded from the FORMS page of the COT website.

DATE/TIME	CHAPTER	CONTACT	AT HOURS
Galveston Bay Chapter			
May 18 June 15 9am-4pm Galveston County Extension Office Hwy 3 in Dickinson	Texas Watch Water Quality Workshop Join a team of your fellow GBAC members as they embark on a long-term partnership with the H-GAC Texas Watch to monitor 20 sites in our chapter's boundaries from Taylor Lake to Galveston. The class will be taught by Richard Conner and assisted by Gayla Stock of Texas Watch. Several trained monitors from our chapter will assist them during the training. Phases I and II will take place on June 15. Phase III Training will be done with the new monitor at the site they plan to monitor regularly. A mutually convenient date for that training will be arranged on June 15.	Nathan Veatch e-mail or 281-480-6985	5 hours
July 29 8am-3:30pm The Center for Arts & Sciences, Clute	Fifth Annual SE Texas MN Fair Watch for special mailing coming soon.	Tawy Muehe	Varies by classes attended
August 19 9:00-11:30am ABNC	Taxonomy for Dummies (Is Taxonomy Really That Taxing?) Enjoy a cool August (air-conditioned) day of activities and information on the often-threatening use of scientific names. This workshop will familiarize members with the mechanics of why science names things and how to navigate through plants and animals. By the end of the workshop you will not have to say things like <i>Bouteloua curtipendula</i> , but you might be tempted to. It is hoped you will be able to tell an awn from an umbo. A Tenner Test will be optional. Presented by Nathan Veatch and Dick Benoit. Join us for a Dutch treat lunch after the workshop.	Nathan Veatch e-mail or 281-480-6985	2.5 hrs.
Gulf Coast Chapter			
Sunday, May 21, 2006 - 2 pm	"What's Bugging You?" at Jesse Jones Park. Join wildlife biologist Don Olhausen for a discussion on "winged jewels" (butterflies) and other insects of the woodland forest, followed by a walk to view them in the wild. FREE. For more information, call 281-446-8588.		
Saturday, June 10, 2006 - 10 am	Bites, Stings & Itches at Jesse Jones Park. Learn about summer outdoor hazards such as poison ivy, venomous snakes, and dangerous arthropods. Information includes how to avoid bites and stings and treating the effects. FREE. For more information, call 281-446-8588.		
Saturday, June 24, 2006 - 10 am	Geology Walk at Jesse Jones Park. North Harris County geology dept. head, Tom Hobbs explores the park's geologic processes and their relationships with the dynamically changing environment. Learn how geologic processes influence the balance between man and nature. Free but reservations are required beginning June 14. For more information and reservations, call 281-446-8858.
