

As a Texas Master Naturalist, you will help people appreciate the natural environment around their own home while you enhance your own knowledge and skills. And, perhaps most satisfying of all, you will have a chance to build friendships and working relationship with others who share your love of the natural Texas.

In the Texas Master Naturalist program you will enhance your love of nature with research-based, scientific knowledge. You will receive at least 40 hours of in-depth training in wildlife and natural resource management taught by recognized experts in the field and customized to focus on the native ecosystems of your home. You will also have the opportunity for at least eight hours of advanced training in special subjects that interest you.

Having **FUN**
While Giving Back
and Making
a Difference

HOW MUCH **FUN** DID YOU HAVE LAST YEAR?

Here are just a few things our members had **FUN** doing this year:

- Helped with the release of Paddlefish in the Big Cypress
- Maintained walking trails at Caddo Lake
- Learned more about photography
- Helped maintain a butterfly garden
- Set and monitored traps to detect the Emerald Tree Borer
- Assisted with the fight against Giant Salvinia in Caddo Lake
- Worked with school children with various projects and educational activities
- Held a Moon Watch Party for the public to view & learn about our solar system
- Learned more about nature, animals, plants, trees and the natural world

Our members found ways to have **FUN** all year long.

At the same time we provided hundreds of hours of service to our natural community and to those who appreciate and love the outdoors.

T E X A S

Cypress Basin Chapter

To join us you will need to complete 40 hours of training which we provide over 4 Friday nights and 4 Saturdays. Then you will need to donate at least 40 hours of volunteer services that year. That is less than 1 hour a week!

Each year to maintain your certification you need to complete 8 hours of training and again perform 40 hours of volunteer services.

Come join the **FUN** and make a difference!
