**YOU ARE  
INVITED!**

The SWAt Team extends this personal invitation to you to join us at our upcoming meeting. Come learn more about us and how you might fit in! Our program is ongoing throughout the year and we are always in need of additional volunteers.

For more information, please contact Tammie Gurley, Sharon Betty or Marion Arndt at [sciencewithattitude@gmail.com](mailto:sciencewithattitude@gmail.com)

## GREAT NORTH AMERICAN TOTAL SOLAR ECLIPSE COMING YOUR WAY...MONDAY, APRIL 8, 2024

**This month's training will be a live virtual presentation, which we will observe as a group, on the upcoming solar eclipse. The speaker will be Dorian Wood Janney, Senior Education and Outreach Specialist from NASA.**

**Solar eclipses are dramatic events as a rule. But the total eclipse coming on April 8th is going to ratchet up the experience. Compared with the last total eclipse that crossed the United States in 2017, this year's total eclipse will last longer, the sky will fall darker, and the sun itself will put on a much livelier show. And millions more people will be able to step outside their front doors to see one of the most astounding astronomical events of their lives. It will also be the last major eclipse to cross North America for 20 years. All of that means that it's an especially rare opportunity for casual observers and scientists alike.**
