GALVESTON BAY AREA CHAPTER

CHAPTER OPERATING HANDBOOK

PURPOSE OF CHAPTER OPERATING HANDBOOK

This Chapter Operating Handbook (referred to as "Handbook") and the Galveston Bay Area Chapter - Texas Master Naturalist Program Bylaws (referred to as "Bylaws") together govern the operation of the Galveston Bay Area Chapter - Texas Master Naturalists (referred to as "Chapter"). Material within this Handbook modifies, clarifies and expands upon material contained in the Bylaws and corresponds, wherever possible, to sections of the Bylaws. Chapter Bylaws and Chapter Operating Handbook should be viewed together as a single document by those seeking guidance in governance of the Chapter.

STATE PROGRAM COORDINATOR (Bylaws, Article III)

The State Program Coordinator serves as the sponsor advisor for the State Program. Under the direction of the State Advisory Committee, the Coordinator maintains the State Program Office and is responsible for day-to-day operation of the State Program. The Coordinator and other State Program staff members are available to provide advice and counsel to the Chapter and its members on operation of the Chapter.

STATE VOLUNTEER REPRESENTATIVE COUNCIL (Bylaws, Article III)

The State Volunteer Representative Council is comprised of representatives of each Chapter within the State Program. The Council serves as a communication link between the State Program, each Chapter, and the general Texas Master Naturalist membership.

CHAPTER SPONSORS AND PARTNERS (Bylaws, Article IV A and B)

A list of current Chapter sponsors and partners may be found on the Chapter's website <http://gbamasternaturalist.org/>, or can be obtained from the Volunteer Service Director.

- Sponsors - The Chapter Sponsors are: AgriLIFE Extension Service Galveston County, Texas Parks and Wildlife, Texas SeaGrant College Program, the County of Galveston, Texas
- Partners - An organization may become a partner if they meet the criteria stated in the Bylaws, are willing to provide the Chapter with a benefit in return for volunteer service on selected naturalist projects, and are approved by the Chapter's Board of Directors (referred to as "Board").

TEXAS MASTER NATURALIST TITLE

The titles Texas Master Naturalist and Texas Junior Master Naturalist are owned by the Texas Master Naturalist Program (referred to as State Program) and are to be used only by individuals trained through recognized Texas Master Naturalist chapters. The Galveston Bay Area Chapter-Texas Master Naturalist is officially affiliated with, and

operating under certification, training, and curriculum policies established by the State Program. The Texas Master Naturalist title may only be used when doing volunteer work associated with the Program and may not be used for political advocacy, business purposes or personal gain.

MEMBER CATEGORIES (Bylaws Article V B3)

To become certified through the Chapter, an individual must complete the Chapter Training, 8 hours of approved Advanced Training and 40 hours of approved Volunteer Service within 15 months following the first day of Training Class and be current in dues.

To maintain Certification, an individual must meet requirements of 8 hours of approved Advanced Training and 40 hours of approved Volunteer Service between January 1 and December 31 of the current year Class and be current in dues. The certification remains in force until December 31 of the following year.

MEMBER TRANSFER (Bylaws Article V D)

The Chapter welcomes transfer of membership from another Chapter under conditions stated below:

- The transferee brings a letter from the previous Chapter stating he or she is a member in good standing and current in dues, the status of membership (certified member or member), and the number of Volunteer Service and Advanced Training hours accrued during the current year and since joining the program.
- The transferee agrees to adhere to this Chapter's Bylaws and Operating Handbook, even though these may be more stringent than those of the previous Chapter.
- The transferee completes and signs required Chapter documents.
- It is strongly recommended that a transferee complete training that is specific to the Chapter's ecosystems during the next Training Class. Such sessions may be counted as Advanced Training.

DUES

Annual Chapter membership dues of \$20 are due in January and are delinquent in February, except for students in a Fall Class whose dues for the following year are included in their training fees.

DOCUMENTS REQUIRED OF MEMBERS

All Chapter members must complete and sign the following documents which are in the Forms Compendium:

- Hold Harmless Agreement
- Release for Use of Image and/or Voice

- Youth Protection Standards Program – Direct Volunteer Registration Form or Refusal Form

TRAINING CLASSES

A trainee is expected to attend all sessions, including associated fieldwork, and to complete any assigned work. A trainee may begin to accumulate Volunteer Service and Advanced Training hours as of the month when class starts.

A trainee may miss one (1) session during a given Training Class and still meet the Chapter's class attendance requirements. Any additional sessions missed must be made up within 12 months of the absence by attending an approved alternative training opportunity. It is the trainee's responsibility to consult with the Training Class Chairperson to identify and obtain approval for a make-up session. Examples of alternative sessions include a Chapter-sponsored Advanced Training workshop, the same session offered in the Chapter's next Training Class or a session on the same subject offered by a chapter within the same eco-region. The make-up session may not count as Advanced Training. Completed makeup sessions must be reported to the Membership Director.

ADVANCED TRAINING

Advanced training should provide specialized instruction or experiences that further knowledge and understanding of a subject that meets the Chapter's purpose. Advanced training on a subject that is included in the Chapter's Training Class should provide more in-depth material or a different perspective on the subject.

All Advanced Training must meet the following criteria:

- Promote continued learning and development of naturalist skills
- Provide Master Naturalists with knowledge and skills to work in volunteer efforts
- Provide Master Naturalists an opportunity to focus their interest on one or a few specific topics
- Build on the core curriculum initially provided by the Chapter
- Be applicable to Texas and its natural resource management issues

Advanced Training may be in any of the following naturalist (or closely related) fields:

- Archeology
- Astronomy
- Botany
- Chapter management
- Climate and weather
- Conservation and environmental issues
- Earth sciences
- Ecology

- Ecosystems
- Endangered species
- Geology
- Geography
- Habitat management and/or restoration
- Hydrology
- Natural history
- Soil
- Water
- Zoology

Watching an educational TV program, movie or video on a naturalist subject does not count as Advanced Training except when viewed during the course of an approved lecture or training program.

Training sessions that meet the criteria and are sponsored by the Chapter or its sponsors or partners, or by the State Program or its sponsors are approved for accumulation of Advanced Training hours.

All other Advanced Training must be pre-approved by the Chapter Training Director. The Advanced Training Pre-Approval Request form is in the Forms Compendium and on the Chapter website. It may be submitted by mail or electronically. The member should allow adequate time before the event for the form to be processed. The member will be notified of approval or denial by e-mail or telephone. Hours reported without pre-approval may be denied.

VOLUNTEER SERVICE

Volunteer service hours are those hours that meet the Chapter's purpose and for which no financial compensation or salary is received. Volunteer service is time spent on:

- Education
- Resource management projects
- Chapter development and management (i.e. serving as a Board or committee member)
- Preparation time directly related to planning and coordinating Advanced Training or Volunteer Service
- Travel to and from Advanced Training or Volunteer Service locations that does not exceed the amount of time dedicated to the training session or volunteer effort

Volunteer service should meet one or more of the following criteria:

- Corresponds to the goals, practices and teachings of the Texas Master Naturalist Program

- Addresses a pressing need for meaningful service in education, natural resource management or management of the Chapter or the State Program
- Is manageable within the Chapter's available volunteer resources of time and training
- Is located within the Chapter's service area
- Creates Chapter visibility, identity, cohesiveness or serves as a recruitment mechanism
- Has measurable results

Programs or projects that meet the criteria and are sponsored by the Chapter or its sponsors or partners, or by the State Program or its sponsors are approved for accumulation of Volunteer Service hours.

All other Volunteer Service must be pre-approved by the Volunteer Service Director. The Volunteer Service Pre-Approval Request form is in the Forms Compendium and on the Chapter website <http://gbamasternaturalist.org/> and may be submitted by mail or electronically. The member should allow adequate time before the event for the form to be processed. The member will be notified of approval or denial by e-mail or telephone. Hours accumulated without pre-approval may be denied.

The pre-approval of Volunteer Service projects and opportunities is important to:

- Ensure that volunteers are covered by the sponsoring program's insurance
- Provide a comprehensive listing of service opportunities for volunteers of the Chapter
- Ensure the needs of the Chapter and its partners are met
- Avoid mistaken assumptions regarding credit to be received, as hours reported without pre-approval may be denied.

REPORTING OF HOURS

Hours accumulated and reported by Chapter members are important in the following ways:

- Maintaining Chapter sponsorship and support (Service hours are a measurable result that justifies continued sponsorship and dedication of resources, including the services of our Sponsor Representative by Galveston County AgriLIFE Extension Office. Each year Galveston County Commissioners are presented with a "check" representing the value of Volunteer Service dedicated by Chapter members.)
- Service hours and any training class make-up sessions may be used as an in-kind match in seeking grant funds
- Maintaining the State Master Naturalist Program

Chapter members are responsible for tracking and reporting their Advanced Training and Volunteer Service hours to the Chapter Membership Director. The Hours Reporting Form is in the Forms Compendium and may be downloaded from the website <http://gbamasternaturalist.org/>. It is recommended that members report their hours on a monthly basis either by mailing the completed form or completing and submitting it electronically.

For certification purposes, Volunteer Service and Advanced Training hours “expire” on December 31st and are not carried forward to the next year. The hours are added to lifetime totals for various milestone achievement awards.

MEETINGS (Bylaws Article VIII)

All Chapter meetings are open to Chapter members and to the public. Meeting notices shall be posted on the Chapter website <http://gbamasternaturalist.org/>, and mailed or e-mailed to members. Robert’s Rules of Order shall be used as a guide in conducting meetings.

- Chapter Board of Directors meetings shall be held each month. A majority of the Board members shall constitute a quorum for regular or special Board meetings.
- Chapter meetings shall be held bimonthly; 25% of the voting membership shall constitute a quorum for Chapter meetings.
- Annual Membership meeting shall be held in December; 25% of the voting membership shall constitute a quorum for the Annual Membership meeting.

BOARD OF DIRECTORS (Bylaws Articles VI and VII)

As specified in the Bylaws, the officers of the Chapter are: President, Vice President, Secretary and Treasurer. As specified in the Bylaws, the Past President and Advisors are also Board members.

Appointed Board Members

- Membership Director
- Chapter Training Director
- Volunteer Service Director
- Training Class Representatives

Non-Voting Participants in Board Meetings

- Committee Chairpersons - On occasion one or more committee chairpersons will be invited to report to the Board and/or to participate in Board discussion pertinent to their committee.
- Other Chapter Members - Any Chapter member who wishes to bring a matter directly to the Board shall submit a written request to the Chapter President a minimum of one week prior to the next scheduled Board meeting. Likewise, a member in attendance at any Board meeting may seek recognition of the presiding officer in order to ask a question or offer a comment pertinent to a

matter under discussion. In either instance, participation may be limited due to time constraints.

- Invited Guests - On occasion a non-member guest may be invited by the Board to make a presentation or request to the Board or to serve as an advising consultant in discussion of matters that come before the Board.

SPECIAL BOARD APPOINTMENTS (Bylaws Article VI F)

Since the position of Past President is limited to a single year, an alternative position, Nominations Director, shall be appointed by the Board in those instances where the current president wins election for a second or third term.

Each training class selects two representatives from the class for appointment to the Board for a term of one year. The term of office for the Fall class will be from December to November, Spring will be June to May.

TERMS AND LIMITS (Bylaws Article VI G)
