LMN Member Brennan Named July Volunteer of Month

By Judy Brupbacher
Guest Writer

The Lindheimer Chapter of the Texas Master Naturalists wishes to congratulate member Coco Brennan for being named July Volunteer of the Month by the Texas Stream Team.

Besides doing water samples and monitoring the water quality of the Guadalupe River for the team, Brennan is an active member of LMN. She works on various projects for LMN and is now the liaison between the chapter and the upcoming Texas Master Naturalist Con-

ference to be held in New Braunfels in October.

Brennan is also an active member of the Native Plant Society of Texas and a guide for the Canyon Lake Gorge Preservation Society. LMN thanks Brennan for all her hard work and appreciates her efforts.
