

Lindheimer Chapter recognized by City of New Braunfels

By Diane Schaule
Guest Writer

In a recent volunteer appreciation night at Landa Park, City of New Braunfels Manager Mike Morrison presented the Teddy Roosevelt Conservation Award by the City of New Braunfels Parks and Recreation Department to The Lindheimer Chapter of the Texas Master Naturalists.

The award citation was read by Stacey Laird, Parks Director, as follows: "Teddy Roosevelt Conservation Award is awarded to the Lindheimer Chapter of Texas Master Naturalists. One of President Theodore Roosevelt's most lasting contributions to the world was the permanent preservation of some of the most

unique natural resources in the United States.

During a convention address in 1907, the President noted '... The conservation of natural resources is the fundamental prob-

lem. Unless we solve that problem, it will avail us little to solve all others.'

Named in recognition of our 26th President, this award recognizes a citizen or group who

advocates for studying, teaching, documenting and preserving the natural resources in New Braunfels."

The Lindheimer Chapter has worked with the city for many years. Most recent efforts include improvements in Panther Canyon repairing footbridges, maintaining nature paths and identifying plants. They were also instru-

mental in assisting with planning Fisher Park."

Arthur Williams from the Lindheimer Chapter has lead the Chapter's involvement in Landa Park and organized chapter volunteers to participate in the activities cited in the award.
