

LMN congratulates Bogle

A Hilltop Reporter Special Report

The Lindheimer Chapter of Texas Master Naturalists wishes to congratulate one of its own, Susan Bogle, on being the Canyon Lake Chamber of Commerce's winner of the 2009 Community Spirit Award.

Lindheimer Master Naturalists are very proud of Bogle for winning this prestigious award, but anyone in the chapter who knows Susan knows that she should have won. Whenever a project needs doing, Bogle is there to step in and help, whether it is building a trail, guiding a tour or testing water.

In fact, Bogle recently received her 2,500-hour pin for volunteer work with the Texas Master Naturalist program. Susan volunteers for many other organizations and has most likely put in that much time volunteering with them as well. She is the kind of tireless volunteer other chapter members look up to.

Bogle is a "can-do" type of person who is very community oriented and the one to go to if anything needs doing. Bogle exemplifies the term "giving back to the community" that so many hope to achieve. Congratulations Susan, keep up the great work! LMN appreciates you and is so happy you won.
