		Address:	
		Phone:	
		E-mail:	
Circumference (inches) (see guidelines below)			
Height above ground where measurement taken			
Date of measurement			
Location of tree (general description)			
GPS Coordinates of tree if available			

Tree Measurement Guidelines	
Round measurement to nearest inch.	 
Measure smallest circumference of tree in inches, between DBH -(4-1/2 ft high) and the ground, See Figure1	
but below the lowest fork, See Figure2	
[If tree forks at ground level , treat trunks as separate trees.]	
Complete measurement rules can be found on the Texas Big Tree Registry page of the Texas Forest Service website, at http://texasforestservicetamu.edu/uploadedFiles/FRD/Urban_Forestry/Big_Tree_Registry/measuringrules-june2006.pdf but we are using circumference measurements only.	

Send completed electronic entry form to MilamMasterNaturalist@gmail.com

Or mail to: El Camino Real Master Naturalist, c/o AgriLife Ext. Svc, 100 E. First St, Cameron TX 76520

Nomination Instructions/Information:

Fill out form as completely as possible and submit as indicated on form.

All attempts will be made to acknowledge receipt of entry as soon as possible by the Big Tree Committee, (El Camino Real Chapter of the Texas Master Naturalist program).

All entries are subject to verification by Big Tree Committee

The largest entries will be posted on our website along with the general location within Milam County.

If tree is judged to qualify as a state or national champion, additional measurements will need to be taken.
