Texas Master Naturalist – El Camino Real Chapter
Milam County, Texas

Subject: Partnering towards efforts for El Camino Real de los Tejas NHT in Milam County, Texas

To whom it may concern,

This letter is to confirm our partnership that was initiated in November 2012. Our partnership is an ideal opportunity for both organizations to work together in teaching the community about El Camino Real de los Tejas NHT.

The Association can provide information on historic events, places, and activities that have happened on the trail, as well as upcoming events planned for the trail.

The Master Naturalists could provide volunteer service through flora and fauna identification and training, particularly as related to native and traditional uses of these components on the trail. We would also invite the Master Naturalists to participate in our forthcoming Model Trail Community program within Milam County. The date and time of this outreach event will be shared with Master Naturalist representatives.

Please let me know if you have any questions or comments about how we can partner toward identifying, protecting, and developing El Camino Real in Milam County. I look forward to working with you!

Thank you,

A handwritten signature in black ink, appearing to read "Steven Gonzales". The signature is fluid and cursive, with a long horizontal stroke at the end.

Steven Gonzales
