NEW UPDATE – November 25th

NOTE: Face coverings are required at all events. All facilities of The Texas A&M University System require the use of facial coverings.

Red Level: Counties with two of three factors of positivity rate of 8% or more, or a rapid rise in cases or a hot spot (indicated in pink/red)

- *No face-to-face Extension-hosted or Extension-sponsored events.*
- *No guest speaking or presenting at other entities' events.*
- *No overnight events.*
- *No travel is approved to these counties.*
- *Essential training related to continuing education and emergency response may be approved by the executive associate director on a case-by-case basis*

Yellow Level: Counties with a positivity rate of 8% or more, OR a rapid rise in cases OR a hotspot (indicated in yellow/orange)

- *Group meetings with a limit of 10 people at 75% capacity of space or less are allowed only if social distancing can be practiced.*
- *No overnight events.*
- *Seek alternative methods to deliver face-to-face meetings and educational programs.*
- *Essential training related to continuing education and emergency response may be approved by the executive associate director on a case-by-case basis.*

Green Level: Counties not listed at the Yellow or Red Level

- *Group meetings with a limit of 50 people at 75% capacity or less are allowed only if social distancing can be practiced. If greater than 50 attendees, a preparedness plan must be submitted and approved by the supervisor. (Employees in large offices do not count against this max if they are not part of the meeting and remain socially distanced.)*
- *All overnight events require a submission of a preparedness plan that is approved by the supervisor.*
- *AgriLife Extension requires a screening form for each participant at day youth events and all overnight events and programs.*

New Return to Service Guidance

Return to Service Guidelines

- Operations for **December 9-23rd.** 
- Will be updated again on December 11th. County list updated once a week based on cases from the previous week, so the county list will change from week to week, but the wording of the guidance is not expected to change before the 23rd.
- **Red, Yellow, Green** County Rating
- Face coverings are required at all events, unless the county hosting the event is exempt per the Governor's Resolution GA-29 on July 2, 2020.
- Outdoors, masks are required when a six-foot social distancing radius cannot be maintained.
- Applies to BOTH Indoor & Outdoor Programming.

Return to Service Message from AgriLife

- With the recent rise in COVID 19 cases, we are very focused on the best practices and guidance that will **not only keep our employees safe but our volunteers and clientele also**. We began recently to track specifically some key factors by each county. In the past, we have not developed face to face programming guidance related to local positivity rates. We feel like with the current surge in positive cases in communities and our employees, the overwhelming effects on health care systems and the need for community response to the pandemic, we must change the way we look at agency guidance.
- The attached guidance will take into effect December 9 and run through December 23rd, unless factors significantly change.
- AgriLife Extension will be assembling an advisory group to assist the agency in making future decisions. This group will consist of our experts and specialists in public health and agency response. Our data source for decision making is the Community Profile Report distributed by the Department of Health and Human Services (USA) and the US Department of Homeland Security. When making decisions we are looking at positivity rates over a seven day average. This advisory group will take into account the latest data and science available, enabling our agency to make the most informed decision for our employees and stakeholders. **Updated guidance should come again on December 11.**

TMN Program Policy for Return to Service Guidelines

- The Texas Master Naturalist Program has issued the additional statewide policy effective immediately:
 - *All multi-county TMN Chapters will follow the STRICTEST level of guidance for the counties in their chapter territory.*
 - i.e in a chapter with three counties – one green, one yellow and one red – that chapter will follow the RED level county guidance issued by AgriLife.
 - *TMN Chapters MUST follow AgriLife’s weekly county level updates & color coded county lists only*
 - County designation may differ by other municipalities/local/federal maps
 - IF Local City/County restrictions are more strict – those supersede AgriLife’s guidelines
 - *TMN Program/Chapter operations are NOT considered Agency Mission Critical under these Return to Service Guidelines*

Return to Service Guidelines

- **Red** Level: Counties with two of three factors pertaining to positivity rate of greater than 8% or more, OR a rapid rise in cases OR a hot spot
 - No face to face Extension-hosted or Extension-sponsored events.
 - No guest speaking or presenting at other entities' events.
 - No overnight events.
 - ~~[Agency] mission critical events may be considered on a case by case basis. Requests should be made through direct supervisor.~~
 - No travel to or from a Red Level County unless mission critical.
 - Essential training related to continuing education and emergency response may be approved by the executive associate director on a case by case basis.

- **Yellow** County Rating
- **Green** County Rating

Return to Service Guidelines

- **Yellow Level: Counties with a positivity rate of greater than 8% or more, OR a rapid rise in cases OR a hotspot**
 - Group meetings **with a limit of 10 people** at 75% capacity of space or less are allowed only if social distancing can be practiced.
 - No overnight events.
 - AgriLife Extension requires a screening form for each participant at day youth events.
 - Seek alternative methods to deliver face to face meetings and educational programs.
 - ~~Mission critical events may be considered on a case by case basis. Requests should be made through direct supervisor.~~
 - Essential training related to continuing education and emergency response may be approved by the executive associate director on a case by case basis.

- **Green County Rating**

Return to Service Guidelines

■ Green Level:

- Group meetings **with a limit of 50 people** at 75% capacity or less are allowed only if social distancing can be practiced. If greater than 50 attendees, a preparedness plan must be submitted and approved by the supervisor. (Employees in large offices do not count against this max if they are not part of the meeting and remain socially distanced.)
- All overnight events require a submission of a preparedness plan that is approved by the supervisor.
- AgriLife Extension requires a screening form for each participant at day youth events and all overnight events and programs.
- Daily temperature checks are required at all overnight events.
- For individuals seeking alternative methods of delivery for traditional face-to-face meetings and educational programs, the Digital Education unit has put together a resource on best practices and tools that are currently supported by AgriLife.

Earning 2021 Certification

Slide from
November 2020
Ch Pres Meeting

- **2021 Certification Requirements we do not anticipate changing**
 - *Together let's further plan for and adapt for the situation we're in.*
 - *Anticipate the shifts, adaptations & innovations to obtaining these required certification hours.*
 - *Examples include:*
 - *Virtual Volunteer Fair, TMN Tuesdays*
- Other innovative ways to shift volunteer service projects to meet changing health and safety guidelines.
- Through 2021 we'll be highlighting innovations of chapters
 - *Share your chapters adaptations on*
 - *Social Media! Through the Listserv! In Chapter Presidents Meetings! TMN Tuesdays!*

Temporary Basic Training Guidelines for 2021

- Temporary Policy Timeframe – **Jan 1 – Dec 31 2021**
- Conditions: All basic training classes occurring in CY 2021
 - *“Class” – individual training session(s) offered as part of a basic training course/series*
- TEMP POLICY: Allow for pre-recorded basic training sessions – with **required** follow up live Q&A with/by the same speaker(s)
 - *Will allow for all (40) planned basic training hours scheduled to be done in this manner*
 - *Encourage this to be used minimally or only as needed*
 - *Encourage regional/neighboring chapter basic training collaborative before going to this model*

Temporary Basic Training Guidelines for 2021

- Options to Consider for Basic Training Field Sessions:

- FIRST - PLEASE discuss this with your chapter leadership AND new trainees to see where they are comfortable. . . .
 - *small group meet ups with physical distancing where possible with state/local health restrictions & audience comfort*
 - *individual at home hands-on field sessions as possible (i.e. science at home)*
 - **set time limits for basic training hours done at home*
 - *individual field sessions to local outdoor spaces (i.e state parks or natural areas) with physical distancing where possible & state/local health restrictions & audience comfort*
 - **non conditional for certification*
 - *virtual field sessions (State Office has 3 camera kits for loan – contact MP to schedule)*
 - **other options/suggestions?*

Temporary Basic Training Guidelines for 2021

- Suggestions from Chapters to consider for Basic Training field sessions:
- *Pending review from state office

Basic Training GOALS for 2021

- State Office is investigating a shared calendar for New Training class coordinators to see other chapters training schedules easily.
- Only visible to new training class coordinators scheduling events . . .
 - *Password protected page for new training class directors on website?*
 - *Slack? Can add a calendar option here.*
 - *Private Facebook Group?*
 - **DISCUSSION – which ONE would be the best option? No need for more than one . . .*
- Idea here is to encourage regional chapter collaboration for basic training classes for the subjects that allow for it. . . .

Temporary Advanced Training Guidelines for 2021

- Temporary Policy Timeframe – **Jan 1 – Dec 31 2021**
- **For ALL TMNs** (not just new trainees)
- CURRENT 2020 POLICY: All 8 hours can be earned through LIVE virtual training sessions where there is a live speaker and open chat/Q&A for student-presenter interactions
 - *This Policy will continue for 2021 Calendar Year*
- TEMP POLICY: Will allow for pre-recorded AT sessions with follow up live Q&A with Speakers by the same speaker – hours for both watching & interaction with speaker will count
- NOT ALLOWED: NO fully recorded videos with NO speaker interaction
- GOAL here is to allow group discussion with speakers where Q&A happens in group setting/audience for group learning
