

## Prescribed Fire Workshop: Benefits and Application

*This workshop is designed to give landowners and managers a basic understanding of the use and application of prescribed burning to manage for quail, white-tailed deer, other wildlife species and livestock management.*

- When?** Friday, December 6th; 8:00 am to approximately 4 pm
- Where?** LCRA – McKinney Roughs Nature Park, 1884 Hwy 71 West, Cedar Creek, Texas 78612
- Cost?** \$10.00 (Please RSVP by contacting **Bobby Eichler at 979-968-9942 or [bobby.eichler@tpwd.texas.gov](mailto:bobby.eichler@tpwd.texas.gov)** by December 2nd)
- What to Bring?** Leather gloves, leather boots, cotton outerwear (if you plan to assist on a Rx fire-weather permitting). Lunch provided.

*Presentations topics will include:*

*Historical perspectives on fire*

*The role of fire in vegetation management*

*Fire weather and safety*

*Fire line preparation*

*Suppression equipment*

*Smoke management*

*Planning the burn*

*\*Participants will conduct a burn if conditions permit.*

**Please RSVP by 5pm Monday, December 2nd, 2019** via **email at [bobby.eichler@tpwd.texas.gov](mailto:bobby.eichler@tpwd.texas.gov)** or by phone at 979-968-9942.
