## What is AgriLife?

Extension is a public agency based within the land grant university, Texas A&M University. We have agents in each Texas county that act as an Extension of the University knowledge and research. We provide research-based information to help Texans better their lives.

## What do we do?

We provide programs, tools, and resources - on a local and statewide level - that teach people how to improve agriculture and food protection, advance health practices, protect the environment, strengthen our communities, and enrich youth.

# Testimonials

*“After purchasing land for our retirement we had so much we needed to learn, and the AgriLife New Landowner series delivered. The expertise of the Agents who run the program, and the speakers they bring to the seminars was outstanding. Whether you have specific questions, or just want to expand your knowledge of land owner issues and solutions, this is your #1 source.”*

*“Informative, educational, useful: three words that describe our experience at the Multi-County New Landowner Series.*

*We enjoyed attending the seminars which provided a basic understanding of relevant topics, presented by knowledgeable speakers, plus numerous resources and web links supplying additional information.*

*After our initial investment in land ownership, we invested our time attending the seminars. We highly recommend you do the same!”*

2019 New Landowner Graduates*

*“We found the Multi-County New Landowner program to be well worth our time. Not only did we learn a great deal about managing ponds, hay fields and trees, but we also were able to develop a personal relationship with our Texas A&M AgriLife Extension Agent. This ongoing relationship has been very helpful as we encounter new situations and have questions. We highly recommend the program.”*
