

DEER RESISTANT PLANTS

Aromatic Sumac	<i>Rhus aromatica</i>	Little Bluestem	<i>Schizachryium scoparium</i>
Ashe Juniper	<i>Juniperus ashei</i>	Lyre-leaf Sage	<i>Salvia lyrata</i>
Bald Cypress	<i>Texodium distichum</i>	Maximillian Sunflower	<i>Helianthus maximiliani</i>
Big Bluestem	<i>Andropogon gerardi</i>	Mealy Blue Sage	<i>Salvia farinacea</i>
Black-eyed Susan	<i>Rudbeckia hirta</i>	Mexican Bush Sage	<i>Salvia leucantha</i>
Blackfoot Daisy	<i>Melampodium leucanthum</i>	Mexican Mint Marigold	<i>Tagetes lucida</i>
Bluebonnets	<i>Lupinus spp.</i>	Milkweeds	<i>Aescepias spp.</i>
Buffalo Grass	<i>Buchloe dactyloides</i>	Mistflower	<i>Eupatorium coelestinum</i>
Cardinal Flower	<i>Lobelia cardinalis</i>	Obedient Plant	<i>Physostegia spp.</i>
Carolina Jessamine	<i>Gelsemimum sempervirens</i>	Penstemons	<i>Penstemon spp.</i>
Cedar Sage	<i>Salvia roemeriana</i>	Pitcher Sage	<i>Salvia azurea</i>
Common Sunflower	<i>Helianthus annuus</i>	Prairie Verbena	<i>Verbena bipinnatifida</i>
Copper Canyon Daisy	<i>Tagetes lemmoonii</i>	Purple Coneflower	<i>Echinacea spp.</i>
Coral Honeysuckle	<i>Lonicera sempervirens</i>	Purple Threeawn	<i>Aristida purpurea</i>
Dwarf Yaupon	<i>Ilex vomitoria 'nana'</i>	Red Buckeye	<i>Aesculus pavia</i>
Eastern Red Cedar	<i>Juniperus virginia</i>	Red Yucca	<i>Hesperaloe paviflora</i>
Elderberry	<i>Sambacus canadensis</i>	Sideoats Grama	<i>Bouteloua curtipendula</i>
Evergreen Sumac	<i>Rhus virens</i>	Swamp Sunflower	<i>Helianthus angustifolius</i>
Flame Acanthus	<i>Anisacanthus wrightii</i>	Texas Barberry	<i>Berberis swaseyi</i>
Gregg's Sage	<i>Salvia greggii</i>	Texas Mountain Laurel	<i>Sophora secundiflora</i>
Gulf Coast Muhly	<i>Muhlenbergia capillaris</i>	Texas Sage	<i>Leucophyllum frutescens</i>
Indian Blanket	<i>Gaillardia pulchella</i>	Tropical (Scarlet) Sage	<i>Salvia coccinea</i>
Inland Seoats	<i>Chasmanthium latifolium</i>	Turk's Cap	<i>Malvaviscus drummondii</i>
Joe Pye Weed	<i>Eupatorium perforlifum</i>	Wax Myrtle	<i>Myrica spp.</i>
Lantana	<i>Lantana spp.</i>	Yellow Bells	<i>Tecoma stans</i>
Lemon Mint	<i>Monarda citriodora</i>	Zexmenia	<i>Wedelia texana</i>
Lindheimer Muhly	<i>Muhlenbergia lindheimeri</i>		

*Under normal conditions, these plants may be less desirable to deer due to the plant's taste, texture, or scent. However, during drought or other conditions, deer may be forced to eat what they can find to survive.*
