

THE HEARTWOOD BULLETIN

Advanced Training & Volunteer Opportunities Announcements

HEARTWOOD CHAPTER, TEXAS MASTER NATURALIST

August 26, 2019

As fall approaches, organizations offer fantastic learning seminars, and at the same time, they need volunteers to help educate the public. This bulletin is packed with choices for both Advanced Training and Volunteer Service.

Please note that in many of the descriptions listed, there are links to websites for more information, or for registration sign-ups.

Advanced Training Opportunities

Sept. 11 Heartwood Chapter Monthly Meeting

5:30 — 8pm HARC, 8801 Gosling Rd, Spring, TX 77381

Topic: Have you been holding onto things you can't bear to throw in the trash? Bring one thing for show and tell to find out how and where you can recycle it. Learn the advantages of a closed-loop recycling economy and demystify what can be recycled in your community. Or perhaps you will learn ways to reuse your treasure and discover examples of how old products are made into new.

Zoe Killian, Environmental Education Specialist - Recycling for The Woodlands Township, will speak on "Closed-loop Recycling for Naturalists: An interactive show and tell presentation."

VMS code: AT:Chapter Meeting Heartwood

Sept. 21 Monarch Workshop: Train the Trainer

8:30 am— 4:30 pm University of Houston Clear Lake

Topic: This workshop is a one day course on monarch biology, ecology, and conservation. You will learn the basics of monarch habitat creation and conservation and you will leave the course with the knowledge and confidence to engage diverse groups to take action on behalf of the monarch butterfly. Fee: \$65.

See flyer on page 4.

Please note this opportunity requires you to sign up online. Click the link above to register.

VMS code: AT: Specific Project (Specify Monarch Workshop at UH-Clear Lake)

Oct. 2 Heartwood Chapter Monthly Meeting/Nomination of Chapter Officers

5:30 pm- Ag-Extension, 9020 Airport Road, Conroe, TX

Topic: Herbaria are vast storehouses of information that have been around for hundreds of years. In this era of big data, collections are yielding some new and innovative perspectives on modern scientific inquiry. This presentation will explore the past, present, and future of herbaria in this technological age. Dale Cruse, curator of the S.M. Tracy Herbarium, Texas A&M University will present "Unlocking Hidden Treasures: Finding New Uses for Old Plants."

Oct. 3—6 Native Plant Society Fall Symposium in League City. Information on the interesting speakers and field trip options, South Shore Harbour Resort & Conference Center League City, <https://npsot.org/wp/symposium2019/>

VMS code: AT: Native Plant Society

Oct. 5 Smarter Choices Seminar: Healthy Landscapes = Healthy Waterways

8:00 am—noon

Location: The Woodlands Emergency Training Center, 16135 I-45 South, Conroe 77385

Topic: Learn about the issues leading to pollution of local waterways as they pertain to lawn care - fertilizers and other chemicals that wash off into waterways during rain events. Find out how native plants provide more water wise landscapes and options for care of turf grass that waste less water. This FREE seminar requires registration since space is limited. Register [HERE](#).

Advanced Training Opportunities

Oct. 12

8:00 am—noon

Field Trip to SHSU Center for Biological Field Studies

Location:

1866 Fish Hatchery Rd
Huntsville, TX 77320

The station is at the east end of Fish Hatchery Rd (CR 2821). If the gate is closed, you may use gate code 22011 for access. Once in the gate follow the drive to the split and turn right. The Pineywoods Lab is the first brown building on the right. Feel free to call Alan's cell if you have any problems: 903.574.4039.

Topic: A tour of SHSU's Center for Biological Field Studies with director Alan Byboth. The Bearkat Forest is a place where land owners and managers can come to experience what can be done to sustain the natural areas of East Texas.

After a brief talk at the Pineywoods Natural Science Lab, we will walk around the property (several miles of relatively flat trails). Wear hiking apparel and bring water. You might also want bug spray, binoculars, and/or a camera. Also please bring a sack lunch to eat when we return to the lab. Volunteer opportunities will be discussed.

Sign-up details to follow.

VMS Code: AT: Single Presentation (Specify SHSU Center for Biological Field Studies)

MONARCH WORKSHOP "TRAIN THE TRAINER"

University of Houston, Clear Lake, TX
September 21, 2019
8:30AM-4:30PM CDT

Main purpose of this Workshop:

This workshop is a one day course on monarch biology, ecology, and conservation. You will learn the basics of monarch habitat creation and conservation and you will leave the course with the knowledge and confidence to engage diverse groups to take action on behalf of the monarch butterfly.

Main Topics

- Monarch anatomy, biology, life cycle and migration.
- Monarch threats: parasites, disease, land use, and pesticides, among others.
- Milkweed ecology, nectar plants, and pollination.
- Outreach tools and materials, agencies and conservation groups involved in monarch conservation activities.
- Citizen Science, communication skills, interpretation, and role play.

Registration is required
Space is limited

Registration fee:
\$65.00/person that includes:

- Access to digital materials to create your own presentations
- Printed materials
- Box Lunch
- Refreshments

For more details about the workshop and to register, please follow the link:

Advanced Training Opportunities

2019 Fall Native Landscaping Certification Classes

Oct 12 - Level 1: Introduction to Native Landscapes

Oct 12 & Oct 26 Level 3: Installing and Maintaining Native Landscapes

Do you want to know:

- *Benefits of native plants*
- *Our greater Houston area's ecoregions and native soil types*
- *A broad repertoire of over 150 native plants to use in gardening, landscaping and/or habitat restoration projects*
- *Techniques for installing and maintaining native landscapes*

The **Native Landscape Certification Program (NLCP)** created by the **Native Plant Society of Texas (NPSOT)** consists of a series of four classes (Levels 1-4) designed to provide the basic knowledge necessary to start and maintain native plant gardens and habitats.

NPSOT Houston and Clear Lake chapters are pleased to announce this fall's NLCP classes for the Houston area:

Oct 12 Level 1: Introduction to Native Landscapes
Oct 12 Level 3: Installing and Maintaining Native Landscapes
Oct 26 Level 3: Installing and Maintaining Native Landscapes

Level 1 will be offered by NPSOT Clear Lake with classroom activities at University of Houston - Clear Lake and a plant walk at nearby Armand Bayou Nature Center in Pasadena. Two Level 3 classes will be offered by NPSOT Houston With both classroom and plant walk activities held at Kleb Woods Nature Preserve in Tomball. Class hours are from 8:00 am to 4:30 pm for all classes.

Level 1 is an introductory class and is a prerequisite for all other classes. Once completed, you can take remaining classes in any order. Level 3 explores the differences in installation and maintenance between native plant landscapes and traditional landscapes.

For more information about topics covered in each class, please click:

<https://npsot.org/wp/nlcp/course-descriptions>.

Registration opens July 31. Choose your date(s) and then register at www.npsot.org/wp/nlcp

CAN YOU HEAR ME NOW? PUBLIC SPEAKING FOR THE VOLUNTEER SPEAKER

Would you like to give presentations, facilitate meetings, or speak with the public in your role within the Texas Master Naturalist program? Does public speaking incite feelings of anxiety for you? You are not alone! The number one fear is public speaking and, coincidentally, the TMN mission requires us to lean into it frequently. This course is designed to boost confidence in your public speaking abilities, develop a foundation public speaking for success, and leave you with the skills necessary to transform communication in engagement with the community. This course is intended to be self-reflective, and most importantly, interactive.

Objectives:

- Improve interpersonal confidence with focus on communicative presence
- Identify the “verbal fillers” in speaking style
- Establish awareness of the challenges posed by ineffective communication
- Increase efficiency and effectiveness of public speaking presentations
- Learn the value and uses for public speaking techniques
- Craft your message in a way that will engage your audience

**Saturday,
November 9, 2019
8:00 AM – 12:00 PM**

TPWD Region 4 State
Parks classroom at
Sheldon Lake State Park

**14200 Garrett Road
Houston TX 77044**

For TMN chapter members
only.

Presented by:

Matt Kennedy

TPWD

**RSVP IS REQUIRED
AS SPACE IS LIMITED.**

julia.trimble@txgcmn.org

Deadline to register is
October 26, 2019

T E X A S

Scheduled Volunteer Opportunities

Wed. Sept. 4 Conservation Connections at Jesse Jones Park, Humble TX

8:30—11:30 am

Description: Assist with conservation projects around Jones Park. Projects may include: pollinator garden maintenance, vegetation management, habitat restoration, native plant propagation, biological surveys, and more throughout the year.

Contact/ Sign up: <https://www.signupgenius.com/go/8050D44A4AB28ABFB6-volunteer>

VMS code: RM: Jesse Jones Park & Nature Center

Please note this opportunity requires you to sign up via SignUp Genius. Click the link above to register.

Sat. Sept. 7 Erosion Mitigation at Dennis Johnston Park

8:00—10:00 am

Location: 709 Riley Fuzzel Rd.,

Description: Arborist Laura Medick will be working with volunteers to take branch cuttings, and then planting them in 4-inch containers. Snippers will be used so that's best left to the adults. Black Willow trees will help control erosion along the Spring Creek Greenway.

Must sign up by emailing: legacytrees@hcp4.net

VMS code: RM: Other Locations (Specify Dennis Johnston Park)

Please note this opportunity requires you to sign up online. Click the link above to register.

Fri., Sept. 13 Planting of Aquatic Plants at Sam Houston Bear Kat Camp, northeast

8:00 am—2:00 pm of Huntsville, near Riverside.

Location: contact Scott Ball for details.

Description: This event will involve 9 high schools and approximately 100 kids. Adult volunteers are needed to supervise, assist in planting, checking in and out of equipment, and setting up a buffet lunch for the the high school participants.

Contact: Scott Ball, henryball415@gmail.com.

Partner: Friends of Lake Livingston.

VMS code: RM: Other Locations (Specify Friends of Lake Livingston)

Sat, Sept. 14 Kleb Woods Annual Hummingbird Festival

8:00 am—4:00 pm, half day shifts or all day

Location: Kleb Woods Nature Center, 20303 Draper Rd, Tomball, TX 77377 .

Description: Activities include hummingbird banding, nature walks, kids' activities, and presentations in the auditorium. The festival is from 9 am—3 pm, volunteers are needed for set-up and clean-up as well. As of 8/17/19, 10 volunteers per shift are still needed.

Texas A&M Agrilife Extension presents:

Birding the Hills

October 7 -11, 2019

Join us in Gillespie County in the heart of the Texas Hill Country for three full days of birding in the Edwards Plateau ecoregion! Three days will be FULL of birding on the most beautiful private ranches in a variety of habitats in the Texas Hill Country! Several ranches will have great photography opportunities!

\$850

Includes transportation, dinner & lunches and access to some AMAZING private lands!

\$500 deposit is required to hold your spot. Remaining balance is due September 1, 2019

Tour will include 4 educational programs:

- * Birding and Bird Watching: Contributions to Our Conservation Legacy - Romey Swanson, Audubon Texas
- * Beef, Birds, & Bucks: Sustainable Coexistence in an Agroecosystem - Dr. John Tomecek, AgriLife Extension
- * Back(yard) 40: Managing Birds on Lands Large and Small - Dr. Maureen Frank, AgriLife Extension
- * Leopold's Tools at the Kerr Wildlife Management Area - Ryan Reitz, TPWD

AT credits available for Master Naturalists!

TARGET BIRDS:

- Pied-billed Grebe*
- White-tailed Kite*
- Swainson's Hawk*
- Common Ground Dove*
- Black-crested Titmouse*
- Rufous-crowned Sparrow*
- Clay-colored Sparrow*
- Pyrrhuloxia*
- Canyon Wren*
- Canyon Towhee*

Register Online at:

[valverdeextension.ticketleap.com/
birding-the-hills/](http://valverdeextension.ticketleap.com/birding-the-hills/)

Arrival: October 7th @ 4:30 PM

Program Concludes: October 11th @ 1:30 PM
