

# Heartwood Litter Pick-Up and Audit at W.G. Jones State Forest

Sunday March 8th 12:00 pm – 1:00 pm – Northside Parking Area  
1328 FM 1488, Conroe, TX 77384 ~ (936) 273-2261

Heartwood Litter Pick-Up and Audit at W.G. Jones State Forest. We'll focus our cleanup efforts on the tree stand and the short trail loop near the parking area (approximately 1 mile). This area experiences frequent visitation, and keeping it clean helps protect wildlife, forest health, and the overall visitor experience.

## Why a Litter Audit Matters

In addition to collecting trash, we will conduct a litter audit, carefully recording what types of debris are found and where. This audit will be submitted to the Keep Texas Beautiful Litter Database, which helps statewide partners:

- Identify litter trends
- Support policy and education efforts
- Target problem areas
- Strengthen community-driven conservation work

**Your participation contributes to a cleaner, healthier Texas.**

## Stay After to Help in the Heartwood Nursery

If you'd like to continue lending a hand, we invite you to stay afterward and join us at the Heartwood Nursery for additional volunteer activities. It's a great chance to learn, connect, and support native plant regeneration efforts.

### What We Provide:      What You Should Bring:

- |                  |  |
|------------------|--|
| • Gloves         | • Drinking water                       |
| • Trash grabbers | • Weather-appropriate outdoor clothing |
| • Trash bags     | • Closed-toe shoes                     |
| • Hand sanitizer | • A positive attitude!                 |

**Come enjoy good deeds and good company—see you there!**
