**The History of the Acton Nature Center with Andrea Roiz
Sunday, April 3, 2022 - 4:00 PM**

Please join us on April 3rd for our continuing ANC Community Lecture Series featuring the Acton Nature Center history. Indoors in our 1930's refurbished farmhouse, now our Education Center, Master Naturalist Andrea Roiz will present a slide show discussing how this little gem of Hood County came to be. We will discuss acquisition of the land and a master plan developed by community leaders and volunteers. We invite you to come out and learn a little history about our community.

Programs are led by the Rio Brazos Chapter of Texas Master Naturalists.
