

# Acton Nature Center Solar Eclipse Special Parking April 8, 2024

Parking at the Acton Nature Center is limited. We want to make this special place accessible to all that wish to watch this amazing solar event. In order to accommodate the large number of visitors, very different parking has been established. Thanks to the generous offer of use of their parking lots, the Acton Methodist and Acton Baptist Churches are making this event possible. Shuttle busses from Granbury Transit will transport visitors from the parking lots to the Nature Center.

See the map, below. Parking is allowed in the green highlighted area. Please do not park in the red areas. Green dots show the entrance/exits to the parking lots. The blue dots, one at each church, are the pickup and drop-off points for the shuttles. The Nature Center is 2 miles away.

**The solar event starts at noon but the shuttles will run from 10:00 AM to 4:00 PM.**

The churches are located just south of the Acton Triangle. The address of the churches are 3422 and 3500 Fall Creek Hwy.

Note that parking for handicapped persons is still available at the Acton Nature Center located at 6900 Smoky Hill Court and the Transit shuttles are wheelchair accessible.

**The cost of this event is generously underwritten by DFW Spectrum, LLC.**
