

Nature in the Hood

Backyard Habitats

Wednesday May 22, 2024

Acton Nature Center – Education Center Building
6900 Smoky Hill Ct., Granbury, TX 76049

Who are your wild neighbors? Learn how to create beneficial native backyard habitats. Local Master Naturalists will teach you how to identify plants and wildlife around your home through use of iNaturalist demonstrations and guided hikes.

Download the free iNaturalist app (Apple or Android) in advance, as we will practice using it during and after the presentations.

8:30am Registration Check-in

8:45am Introduction & Welcome

8:50am Identifying your Backyard Neighbors using iNaturalist with Valerie Taber

10:00am Sustaining Wildlife with Native Plants with Jason Hodges

Plant walk around the Acton Nature Center to follow.

11:30am Pollinators: They Need Our Help with Wendy Moore

12:30pm Program Closing

Cost: Free! Coffee, baked goods and snacks provided.

Contact the Rio Brazos Chapter below for more info and to RSVP.

RSVP by Tuesday, May 21
