

**South Texas Chapter of the Texas Master Naturalist Program™**

**Chapter Nature-Partner Liaisons – 2024**

Liaisons connect chapter members to volunteer opportunities and needs by keeping Facebook (FB), Website, Newsletter, Advanced Training (AT) and Volunteer Approval personnel and general membership (i.e., chapter meetings) apprised of events occurring within fellow community groups having similar interests to our chapter of TMNs. Liaison positions are open to those chapter members volunteering at various sites.
